warning system

TELESTAR DIRA M 1 A

The small-sized TELESTAR DIRA M 1 A represents state-of-the-art radio technology: It receives digital DAB+, analogue FM as well as over 25.000 web radio stations. This device supports the EWF radio warning system and Journaline Radio text. Although small-sized, it creates a solid sound experience thanks to the full range speaker featuring 10W output power, whose properties may be adjusted to individual preferences via equalizer

mode. The DIRA M 1 A is UPnP compliant and comes with a versatile USB media mode, supporting play back of different types of data as well as a state-of-the-art record mode. Many user-friendly features, such as alarm clock mode, sleep timer, multilingual menu, and favourite keys top off the list of its features and make the TELESTAR DIRA M 1 A an outstanding and very versatile radio.
