

IMPERIAL® DABMAN i510 BT

FULL STREAMING POWER INCLUDED!*

* if supported by operator & device software

The IMPERIAL DABMAN i510 BT combines the features of a DAB+ and FM radio with the huge possibilities of a web radio and home networking device. This device offers all three radio technologies plus a variety of additional features wrapped up in a 43cm HiFi case - the ideal component to bring your HiFi system to the next level. Being capable of receiving digital and analogue radio signals via DAB+ and FM as well as internet radio stations, the DABMAN i510 BT may also be connected to mobile devices via Bluetooth and UPnP in order to play back music files from smart phones or external

storage devices. Speaking of music: the i510 BT supports a variety of web music streaming services (Amazon Music, Deezer, Tidal, HighRes Audio, (FLAC - High Resolution Audio supported)). Additionally, an extensive USB media feature supports playing back several types of media from as well as recording radio streams on USB storage devices. It may be easily operated via remote control or via smart phone/tablet by using the free application (iOS and Android supported). In sum: the DABMAN i510 BT is the ideal solution for upgrading your HiFi set to a full-scale 21st century audio entertainment centre.
