TELESTAR®

S 20i

HYBRID STEREO RADIO

TELESTAR®

NEW MODEL

The S 20i is the flagship of TELESTAR's new hybrid and digital radio series. It unifies state-of-the-art hybrid radio technology and design excellence. It receives DAB+, FM and web radio signals, using two speakers and a digital sound processor (DSP) to create a perfect stereo sound experience. It is UPnP and Bluetooth compliant and

comes with a USB media player mode, supporting different types of data. Many user-friendly features, such as alarm clock mode, sleep timer, multilingual menu, and favourite keys top off the list of its features and make the TELESTAR S 20i an outstanding hybrid radio in its class.

TELESTAR S 20i, black
Item no.: 5320300

A woman with long brown hair, wearing a white cable-knit sweater and blue jeans, is sitting on a wooden windowsill. She is holding a pink mug and looking out a window with white blinds. To her left, a black Telestar S 20 DAB+/FM stereo radio is placed on the sill. The radio has a digital display showing 'RADIO BORN' and 'ROCK', and a silver volume knob. The background is a white brick wall.

S 20

DAB+/FM STEREO RADIO

TELESTAR®

NEW MODEL

The TELESTAR S 20 combines excellent sound experience with cutting-edge digital radio technology and modern design. The radio receives DAB+ as well as FM radio signals, two full range speakers in combination with the DSP provide a unique sound experience. The TFT color display shows background information about an ongoing programme in pin-sharp qua-

lity. Another plus: its user-friendly, multi-lingual OSD menu in combination with a well-structured remote control ensures simple and intuitive operation. Many useful functions, such as alarm clock mode, equalizer presets, auto-channel search etc. make the TELESTAR S 20 one of the best radios in its class.
